

# DARLENE RAY MICHALK

January 28, 2013

At age 57, our beloved Darlene left us for her eternal rest on January 28, 2013.

Darlene retired from the State of Texas after 25 years of service. Darlene married Robert Dean Michalk in April of 1983 and soon became a homemaker. After the birth of their daughter Gina in July of 1986, Darlene focused her attention on home and family.

Darlene shared her many abilities with friends and family by inspiring them to give more and take less. Darlene enjoyed quiet time to herself, she loved to listen to the world around her before bedtime and after she awoke in the mornings. She needed no television or radio just some quiet time to enjoy God's many blessings that were given to her.
